HOW VIMFILE MAKES THE DIFFERENCE TO YOUR BUSINESS

- We get you more clients
- We tell you which work has been done on their vehicle
- You simply get the job done, professionally, and
- We make sure they keep coming back.

HOW WE MAKE IT EASY TO MANAGE YOUR REPAIR SHOP LIKE A PRO!!!

- **Generate Estimates**- print, email or simply upload onto VIM messenger for instant approval.
- If client decline approval, **close to diagnose** and **receive payment**. Client get **eReceipt** immediately payment is received.
- Estimate approved? Simply click "**move to work order**" and **assign to Technician**.
- **Job completed?** check mark **work order** as completed. **Inventory schedule** and **technicians' hours** are automatically **updated**, and **invoice** is emailed to **client** (if client wants a paper invoice, simply click "**Print invoice**")
- Once the **inventory** is at **re-stock** level, system automatically generate an **alert**, all you need to do is to select a **vendor**, review the terms and submit the **order**. - Never run out of critical inventory items and **track taxes and profit** with ease.
- Are you worried about tracking **balances** due to **vendors**? **VIM tracks** all balances as you received inventory from vendors.

• **Payday for technicians?** click **pay technician**, review and make out **cheques** or do online transfer and the **pay schedule** and **taxes** automatically updated.

• **Closing for the day**, run end of day (**EOD**) report. You never miss anything as the system prompts you to review **unapproved Estimates**, **uncompleted work order**, **unpaid client invoices**, **unpaid vendors invoices**, **Technicians hours worked**, and **Cash and cheques received** for the day.

With vimfile, you go home accomplished.
